MY HOME, MY ROOM

TEXTURE COLLECTION

There is still a lot of work to be done and time spent at home.
In this flow, a house is a space where one's own tastes are more melted,
and it is the only place where one's own rules are applied without noticing other people.
Through this, we introduce three original themes that become the basics.

01

NATURAL MOOD

Surround Yourself with Nature

Many people are starting to pay a lot of attention to health and the natural environment. We propose designs inspired by natural materials and introduce products that provide a genuine and comfortable feeling.

02

MODERN MOOD

Minimalist Direction

As many people stay at home for a long time, they pay more attention to space utilization. By reflecting these elements, minimalism, which removes unnecessary things and leaves the space itself, continues. Through this, we propose a modern interior in a form faithful to the basics.

03

SOLID MOOD

Mix and Match

As the time spent at home increases, people find new stimulation and pleasure at home. Using sensuous textures and fabrics, it is decorated like a gallery or a hotel. A variety of color combinations create an elegant yet luxurious interior.

HANGING INSTRUCTION

SURFACE PREPARATION

- Walls should be smooth, dust-free and dry before applying the paste, to avoid creasing.
- If the surface is not perfect, we recommend the use of a lining paper.

CHECKING THE WALLPAPER

- Before cutting the rolls, ensure that they are all from the same lot no. and that they are in good condition with no color variation or other defects.
- For each claim, please enclose the label which indicates that lot no. after hanging 3 drops check the result. No claim is accepted for more than one roll.

APPLICATION

- This product is hung by applying an even coating of paste either on the wall or on the reverse of the paper.
- Avoid squeezing the paste between the edges of the paper.
- The paste must not come into contact with the surface of the paper at any time.
- All traces must be removed before by lightly dabbing the surface with a moist, clean sponge.
- If paste is allowed to dry on the surface of the paper, it will cause discoloration.
- We do not accept any claim for damage resulting from paste being applied to the surface.
- Use a high-quality wallpaper paste.
- After having pasted half of one length of the paper, fold it back on itself and continued to paste the rest of the length in the same way.
- The soaking time should be very brief.
- Apply the first drop in a perfectly vertical way.
- A better ways to adhere the edges would be to paste a strip of the wall in line with the join of the paper.
- Hang the lengths, one next to the other, neatly joined together without any overlapping, taking care to match the pattern repeat.
